The President's Message

Dr. Dean E. Walker

Progress and Challenge

We are grateful to our Heavenly Father for His blessing upon our program of Christian higher education.

He has caused aspiring young people of quality to become members of the academic community of Milligan.

He has led a superior faculty, dedicated in faith and truth, to a high commitment within this community of scholars.

He has opened the minds and hearts of consecrated Christian people to commit large sums to the stewardship of Milligan College in the task of Christian education.

He has provided a campus beautifully cultivated and expanding with new facilities—The Student Union—Sutton Memorial Hall—Webb Hall—The Hopwood House—The P. H. Welshimer Memorial Library.

All of this is reflected in a note of earnest optimism and confident hope in the entire "Milligan family."

Through these blessings the College is living in a day of unfolding realization of the dreams of the founders and the long line of their successors.

Progress, however, presents a challenge of the first order. We cannot regard a certain level of achievement as a goal on which to rest. Such attitude makes progress merely a trip to the grave.

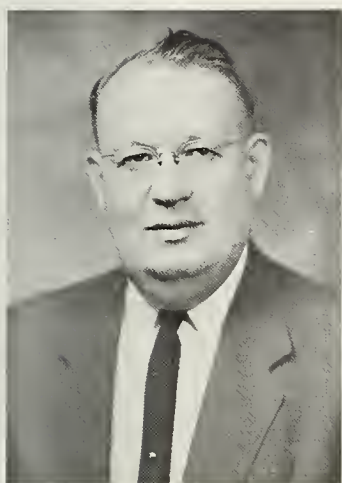

Our present advance must be seen as prelude and challenge to still enlarging and more significant service.

The challenge is to:

Students—for more effective learning.
Faculty—for creative teaching.

Alumni—for work, and character exhibiting the genius of "Christian Education—the Hope of the World."

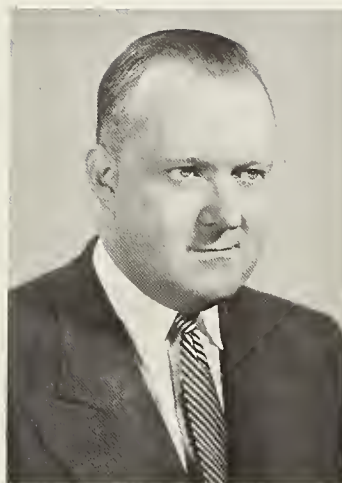

The challenge is severe. Under God we can meet it. We pray for wisdom to understand and grace to fulfill the challenge of the progress made thus far.

STUDENT COUNCIL

OFFICERS: President, Eric Crites; Vice President, Carl Main; Secretary, Laura Nelle Hamilton.

President: Eric Crites

Milligan College is growing. On every hand can be seen signs of this growth. It can be found in the scholastic records and achievements; it is also manifested in the growth and work of the Student Council. Last year's Council recognized the growth and the additional responsibility laid upon the representative body. The Student Council Constitution was completely revised, three new offices were added to the Council, and work was begun on a Student Council's office in the Hardin basement. There are the marks of the

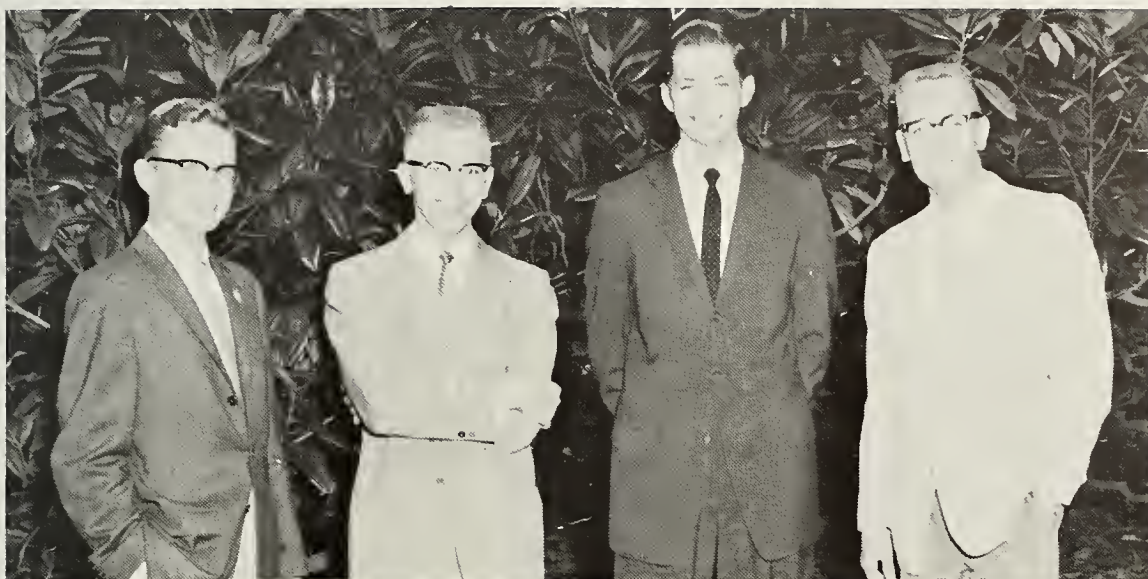

growth of the Student Council just as the Council is a mark of the growth of our College.

One of the factors which recommended Milligan to the Southern Association was the work of the Student Council in the coordination of student governmental affairs. According to the Student Council Constitution the aim of the Council is to "channel our initiative and activity." The Student Council is proud to serve a student body which seeks to channel its initiative and activities in those paths which will help us to better serve God and man.

COMMUTING STUDENTS COUNCIL

"We, the commuting student members of Milligan College, in order to establish and preserve unity of spirit and endeavor in Milligan College"—and so was born the NEW Commuting Students Council in the spring of 1959.

This came about due to the insight of last year's wide-awake Student Council. They became aware that a large percentage of the student body was not represented on the Student Council. Provision was made for a representative of the commuting students to have a seat on the Student Council. Bruce Shields did the pioneering work in drawing up a constitution for a Commuting Students Council to efficiently represent the commuting student body.

This new Council is striving earnestly to fulfill its purpose as set forth in the preamble—to keep pace with a growing, changing, and challenging Milligan College.

OFFICERS: President, Luella Lewis;
Secretary, Joanne Hines.

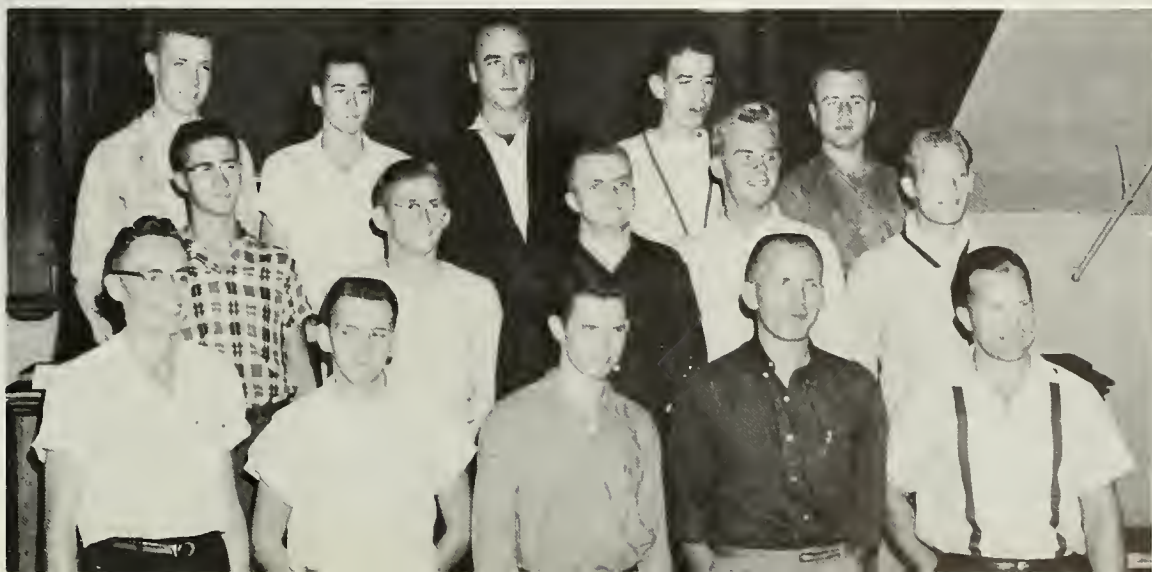

"We, the dormitory men and women of Milligan College, in our desire to promote Christian character and in order to channel our activity through a responsible organization which can more effectively speak and act in our interest . . ." This sets down the main purpose of the Dormitory Councils.

Council members are chosen by the students to represent them in meetings held weekly during the year. At these meetings, the councils discuss matters concerning the dormitories.

"The councils represent their constituents in all matters of dormitory life. They strive to create, promote and preserve an atmosphere conducive to study. They endeavor to maintain a spiritual environment in the dormitories. The Dormitory Councils mutually cooperate with the Administration in the coordination of student affairs. They strive to communicate all pertinent information between students and administration."

THE STAMPEDE STAFF

The **Stampede** is a publicational organization whereby staff members actively participate by writing news, feature, and sports articles. Much of the work consists of layouts and typing.

This year a smaller newspaper has been published on a bi-monthly schedule rather than the larger newspaper on a monthly schedule as in past years.

The purpose of the newspaper is to supply news reports with acknowledgment of activities and accomplishments of our students and our college. It is available to the student body, to other colleges and to alumni.

PICKWICK SOCIETY

Honest and friendly debate within the tolerant and open-minded fellowship of intellectual equals offers opportunities unlimited to the serious student who seeks knowledge for its own sake. For in such a seeking is found the real definition of education; study for the pure joy of learning something new.

Some years ago it was customary for

friends to gather in the local coffee house to discuss whatever subject seemed important enough to warrant their attention. Political, literary, or philosophical debates in coffee houses became the testing ground for some of the greatest figures of bygone eras. It is this tradition of tolerance and sincere discussion that the Pickwick Society wishes to preserve.

CHRISTIAN SERVICE CLUB

The Christian Service Club is the oldest religious organization on campus. It is designed to stimulate Christian interest and activity. To accomplish this purpose, weekly programs and various clinics are conducted. As the name of the organization implies, it provides for Christian fellowship and service through weekly singing and "Gospel Teams."

The projects for this year included a Halloween Party for children in the East Tennessee Christian Children's Home in Elizabethton and a chapel service pertaining to personal devotions. Also, a number of boxes of used clothing were taken to Grundy. Numerous talks concerning women's work in the church were presented to the group.

THE ZELOTAI CLUB

OFFICERS: President, Mrs. Victor Brown; Vice President, Mrs. Frank Fuller; Secretary-Treasurer, Mrs. Richard Miller; Corresponding Secretary, Mrs. Lucian Robinson.

The aim of the Zelotai Club of Milligan College is to improve the spiritual, intellectual, and social life of its members. The membership is composed of the wives of the regularly enrolled students and faculty of the Department of Religion. The wives of ministers in the area may obtain associate membership.

S. with Milligan's fine choral organization.

TRACK TEAM

With ten returning lettermen this year the track team is looking forward to a highly successful season. Along with the addition of several capable freshmen the team should improve on its impressive 5-3 record of last year.

The team has good speed in Dick Howe, Don Alexander in the dashes. Ron Sewell and Bill Smith will be handling the hurdles for us, while John Starr, Dave Williams, Chuck Schumard, and Boyd Rawson will be whipping around the oval in the distance races. Dave Sponseller and Earl Hobson will be throwing the javelin and Jim Frasure will top the bar in the pole vault. Things look favorable for the Milligan thinclads this year.

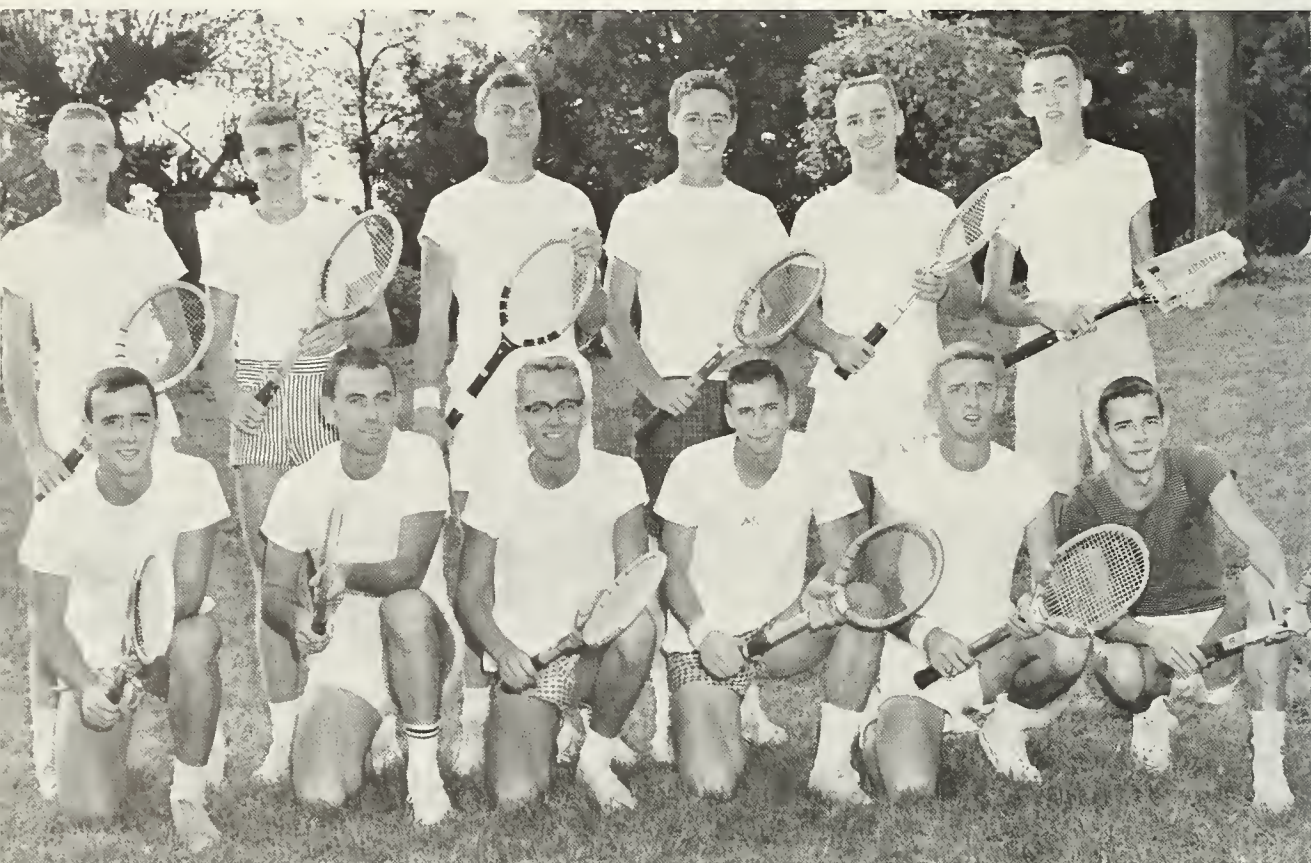

Returning Lettermen: Bob Dudley, Lowell Williams, Eric Crites.

TENNIS

As the 1960 tennis season opened, Coach "Doc" Thompson had high hopes of having one of the best teams in recent years. Returning from last year's team, which finished with 7-6 record and third in the conference, are Seniors Bob Dudley and Eric Crites, and Junior Lowell Williams. Dudley and Williams led the team in winning with 11-2 records and Crites played No. 1 position several times last season with great success. To go along with these boys, Coach Thompson has a fine group from the Junior Varsity team. It looks like a fine season ahead for the Milligan College tennis team.

ALL STARS

All-Star Teams are chosen as each team sport nears the close of season play. The participants in the program elect the most capable players to represent them on All-Star Team of the sport in season. The girls this year playel the Sullens team from Bristol and won both games. The main event of the year is the game between the Girls' All-Star Team and the Boys' All-Star Team.

INTRAMURAL COUNCIL

The Intramural Council is one of the newest groups on campus. This council was formed because of the growth and interest in intramural sports. The council consists of co-presidents, co-secretaries, co-publicity chairmen, managers of each sport and the intramural director.

The intramural program is open to both skilled and unskilled students who wish to participate in sports. During the year, this organization witnessed the largest participation since its beginning. The program consists of a variety of activities that constitute a year-round schedule: volleyball, tennis, horseshoes, basketball, ping-pong, shuffleboard, softball, swimming, water polo, bowling, badminton, foul shooting, football, relays, golf, track, and field. An accumulation of points based on participation and achievement entitles a participant to an award.

"M" CLUB

OFFICERS: President, Bob Dudley; Vice President, John A. Williams; Secretary, Dick Hawes; Sponsor, Coach Walker.

The "M" Club is the varsity lettermen's club. To be eligible for membership it is necessary to have lettered in a varsity sport. The "M" Club strives to foster better understanding between Milligan athletes, the students, and faculty. Activities for the year include the varsity-freshmen basketball game and the faculty-varsity game. The highlight of the year is the banquet in the spring where special awards are presented.

VARSIITY VOICES

OFFICERS: President, Anita Hiner; Vice President, Gail Jean; Secretary-Treasurer, Bonnie Allee; Sponsor, Miss Ann Barthold.

"Boost the Buffs" is the motto of the enthusiastic Varsity Voices, who have grown remarkably this year. The flashcard section, a new project at Milligan, is a great addition to basketball season. The cheerblock wears special-made orange collars and white gloves with their black outfits. Music for the team to warm-up by, relieve tension, and stir excitement was provided by a pep band.

During the year the club sponsored a Founder's Day candidate, decorated the gym for Founder's Day and special games, helped finance transportation for the cheerleaders to the away games and the tournament, sponsored a skating party and the All-Sports Day picnic, and "Boosted the Buffs."

Thanks to this club the Milligan school spirit is at a high peak.

PHYSICAL EDUCATION CLUB

The Physical Education Club is one of the most active clubs on campus. There is only one requirement for belonging to this club, that being a sincere interest in the advancement of physical education. The club is 43 members strong this year, the largest in its history. It meets twice a month, has an annual project, a year-ending picnic, and sponsors a Founder's Daughter candidate. The club is also the wealthiest on campus, receiving its profits from the operation of the concessions at the basketball games. The programs which follow the business portion of the meetings consists of playing volleyball, or other seasonal sports, and/or presenting films of famous athletes or events connected with the world of sports.

OFFICERS: President, Jim Marshall; Vice President, Bonnie Allee; Secretary, Ruth Hammack; Treasurer, Jerry Knepp; Club Sponsor, Coach Harold Stout.

BUFFALO RAMBLERS

OFFICERS: President, Chuck Shumard.

The Buffalo Ramblers has two distinct purposes: (1) to give its members a change of pace from the constant pressure of studying and (2) to acquaint the members with the natural beauties of the earth in the Eastern Tennessee area. Sustained mental effort has the same effect as a steam engine. If the steam engine cannot release its steam, it will "blow its top." Rather than blow our tops, we hike up nearby Buffalo Mountain and enjoy the breathtaking view from that height. Or, we make our way down into some dark, mysterious cave. The results of our activities are recreation and relaxation through God's natural beauty.

Who's who among students in American Universities and Colleges is an organization that recognizes students who are outstanding in achievement from approximately 750 colleges and universities. The organization submits a quota based on enrollment to each campus nominating committee. This quota determines the number of students selected for the honor each year.

The committee at Milligan used a cumulative point-hour ratio of 3.0 or higher as a basis for determin-

ing the eligibility of students for nomination. Each faculty member then voted by secret ballot for the students he considered most deserving. The following qualities were the criteria upon which they based their decision: scholarship, maturity, character, attitude, service to the college, and whether or not the student reflects the objectives of the college.

These seniors were chosen to fill the quota for Milligan College for 1959-'60.

November is significant to Milligan students for its homecoming weekend. Founder's Day is the main event with a banquet in Sutton Hall dining room. The Founder's Daughter is chosen by those attending the banquet. This year's choice was Miss Ruth Hammack,

a senior from Radford, Virginia. Other activities of the weekend included the Varsity-alumni basketball game, outdoor decorations by the various clubs and classes, and open house observed in the dormitories.
